IDEA TITLE: InnoBridge — "Replace Trust with Proof"

SMART INDIA HACKATHON 2026

CORE PARADIGM & INNOVATION HIGHLIGHTS

❌ **The Problem:** ₹5 Cr turnover & 3-yr past experience hurdles eliminate 99% of DPIIT startups. Officers fear vigilance scrutiny.

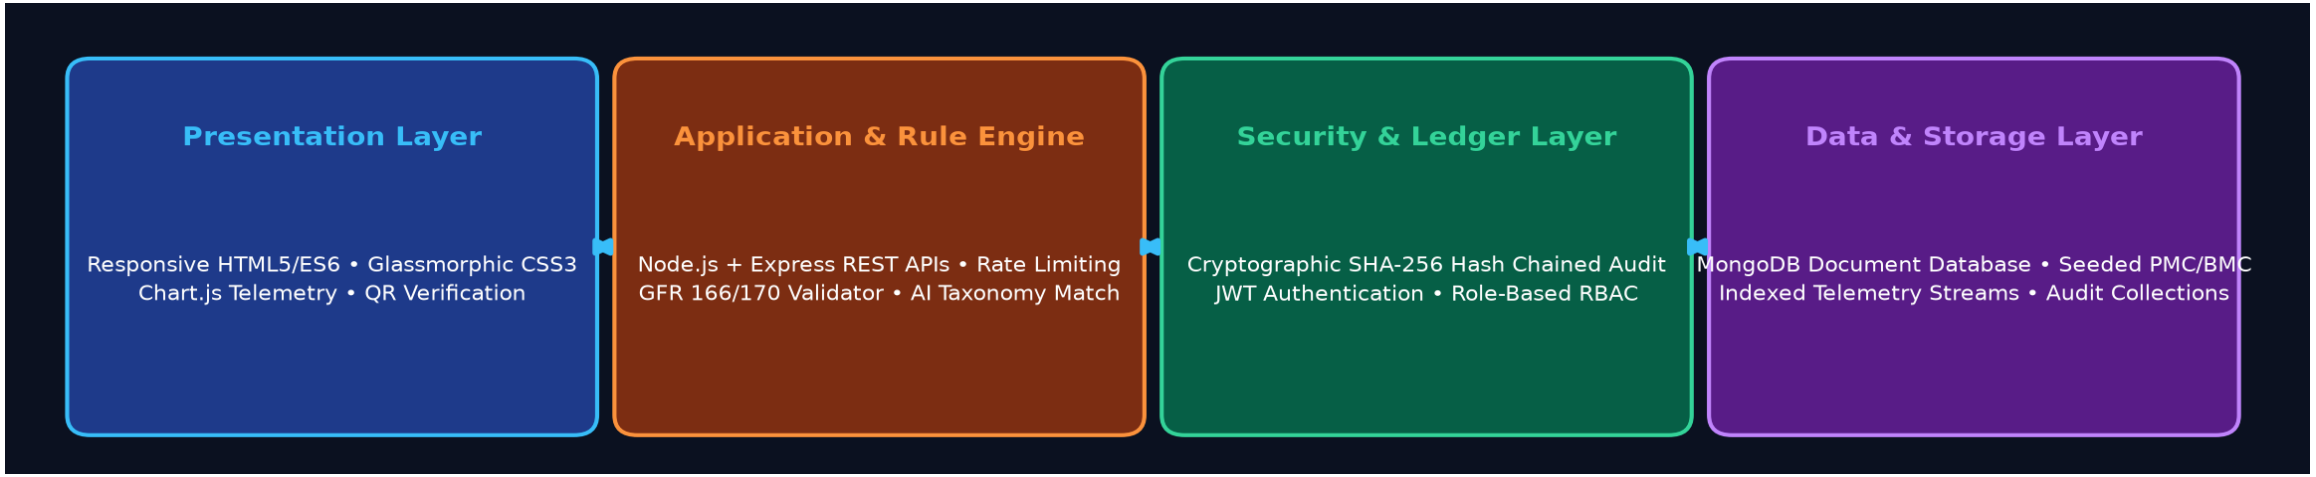

✔ **The Solution:** Pre-qualification by balance sheet is replaced by empirical proof via 30–90 day controlled micro-sandboxes (₹2–5L).

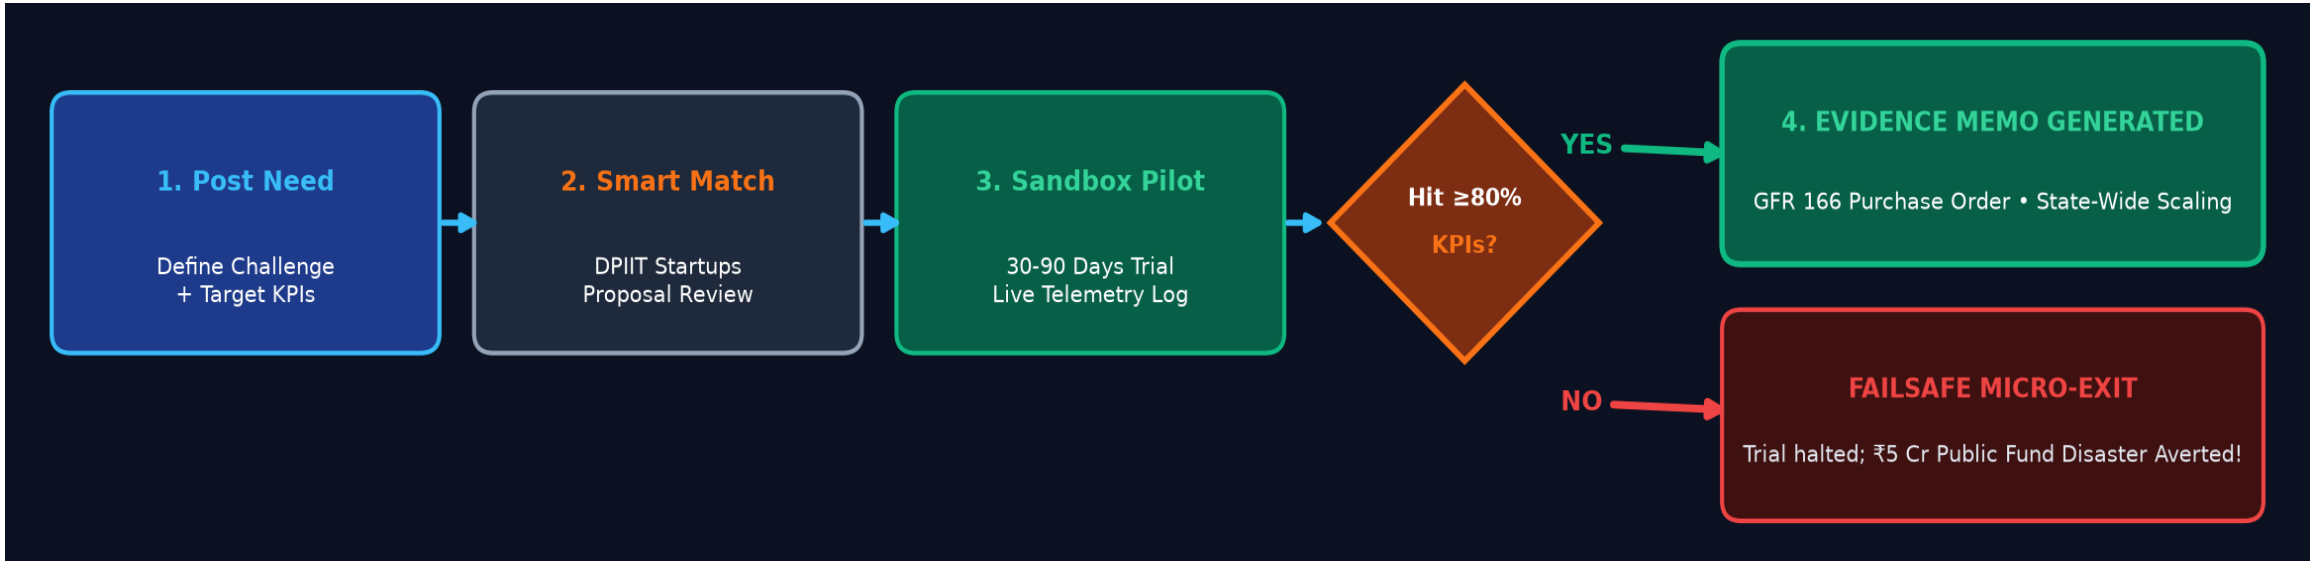

🛡️ **Vigilance Defense:** Auto-generates ready-to-print legal dossiers citing GFR 166/170 to protect officers from CAG/vigilance inquiries.

🔗 **SHA-256 Audit Trail:** Cryptographic hash chaining guarantees zero retroactive data tampering in sandbox performance.

⚡ **Direct GFR 166 PO:** Startups hitting ≥80% KPI proof receive direct municipal purchase orders without redundant re-tendering.
